Bulk SMS facility

SAG INFOTECH PVT. LTD.

Bulk SMS facility

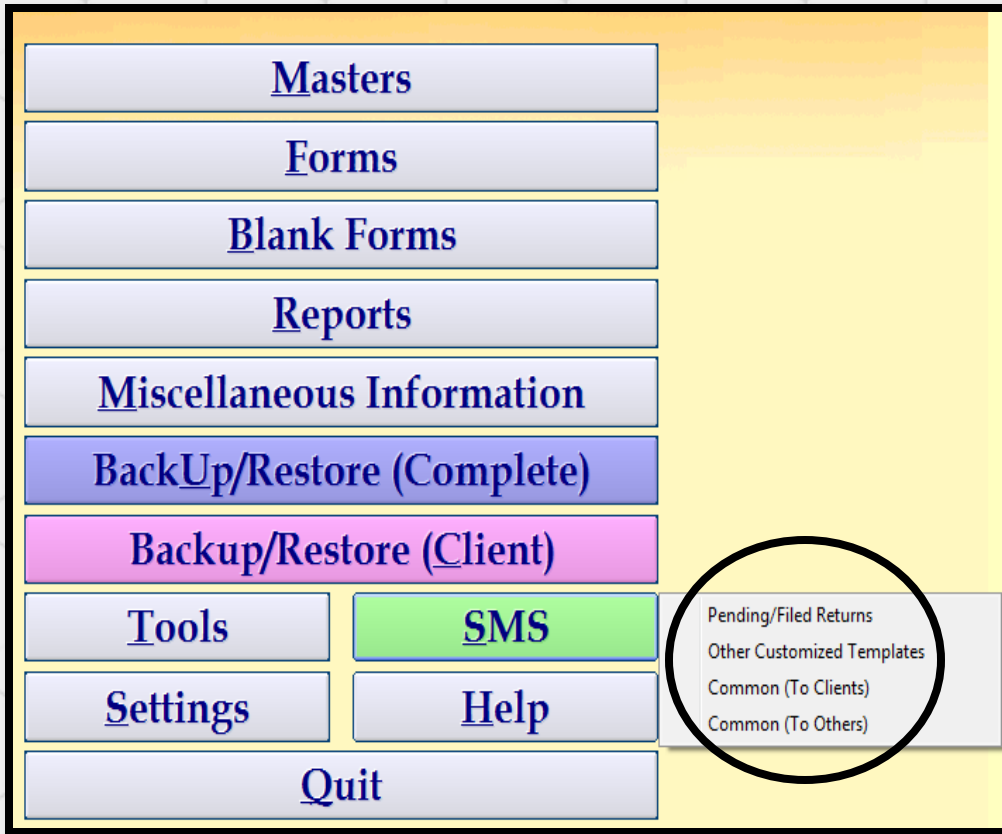

SAG Infotech comes up with a new feature to stay connected with the customers easily. We have added an extra feature to our software service named 'BULK SMS' using which user will be able to send bulk messages to their customers.

With this new feature user will be able to –

- Send Message to all clients on a single click .
- Send message through predefined templates .
- Create your own templates/message formats .
- Delivery Report for all sent Messages .
- Check SMS Balance.
- Save Message for later Reports .

Bulk SMS facility

1. Pending/Filed Returns

User can easily remind to his clients regarding for his returns status.

2. Other Customized Templates

<input checked="" type="checkbox"/>	SAGINF	saginfo						

Point # 2

Other Customized Templates

Follow the basic steps

- ✓ Firstly ADD your account detail.
- ✓ Now can add the further templates for the SMS.

Some condition are follow.

- ✓ You will have to purchased SMS pack to our company.
- ✓ Other SMS pack will not expectable.

The main interface shows the 'SMS Template' and 'SMS Account' sections. The 'SMS Template' section has a table with columns 'Default', 'Name', and 'Message'. The 'SMS Account' section has a table with columns 'Default', 'Sender ID', and 'User Name'. Below these are buttons for 'Add Template', 'Edit Template', 'Delete Template', 'Copy Message', 'Add Account', 'Edit Account', 'Delete Account', 'Copy Account', and 'Check Balance'. A table at the bottom lists account details.

Code No.	Name	Reg/lo	PAN	Contact Person	Mobile No.
02	RAJEEV AGARWAL			AKANISHA	7568822284

Callouts point to the 'Add Template' and 'Add Account' buttons. A separate window shows the 'Add Template' form with fields for 'Name' and 'Message', and buttons for 'Add Variable (Common)', 'Add Variable (Client)', 'Set as Default', 'Update', and 'Cancel'. Another callout points to the 'Add Account' form with fields for 'Sender ID', 'User Name', and 'Password', and buttons for 'Set as Default', 'Update', and 'Cancel'. The main interface also has 'Back', 'Proxy Settings', and 'Proceed' buttons at the bottom.

Point # 3

Common(To Clients)

Here you can create your client message template and click on processed then you got this window where the message comes with the delivery status
For the reports of your SMS and you go to our link

<http://sms.saginfotech.com>
