ELECTION MANAGER

(Man To Man Marking...)

SAG Infotech Private Limited

Soft solutions for those can not afford to make errors.

SAG Infotech

The foundation stone of SAG Infotech was laid down in year 1999 as a proprietor firm and we incorporated SAG Infotech Pvt. Ltd. in the month of May, 2010 with certification from ISO 9001:2008 as Global IT Solution Company. It's a leading quality driven company established by a young entrepreneur of Pink city, Jaipur who himself is a commerce graduate and Chartered accountant by profession

Even as a young man Shri Amit Gupta together with our co-director Smt. Surabhi Amit Gupta were deeply moved and inspired by the upcoming challenges and adverse situations without stopping themselves giving thought of New ideas, initiatives & hardworking which today made us a company with a never give up factor.

Ultimately, enabling our customers to serve their customers effectively is our motto, which should result in speedy and measurable benefits to the customer organizations.

We have developed an efficient software “ELECTION MANAGER” or your manager who will take care of your election campaigns properly and can calm you during your hectic days

Some key features are provided in our software:-

- Administrator Panel
- Volunteer Panel
- Administrator can maintain complete database of voters including address, contact details, email-id, caste, sub caste, family members etc.
- Administrator can maintain and create the list of volunteers with their details
- Administrator can create a campaign
- By using this log in panel volunteers can maintain the number of voters in form of excel sheet.
- Volunteers can also maintain the complete data base of voters including their address, email id, contact numbers, family members etc.

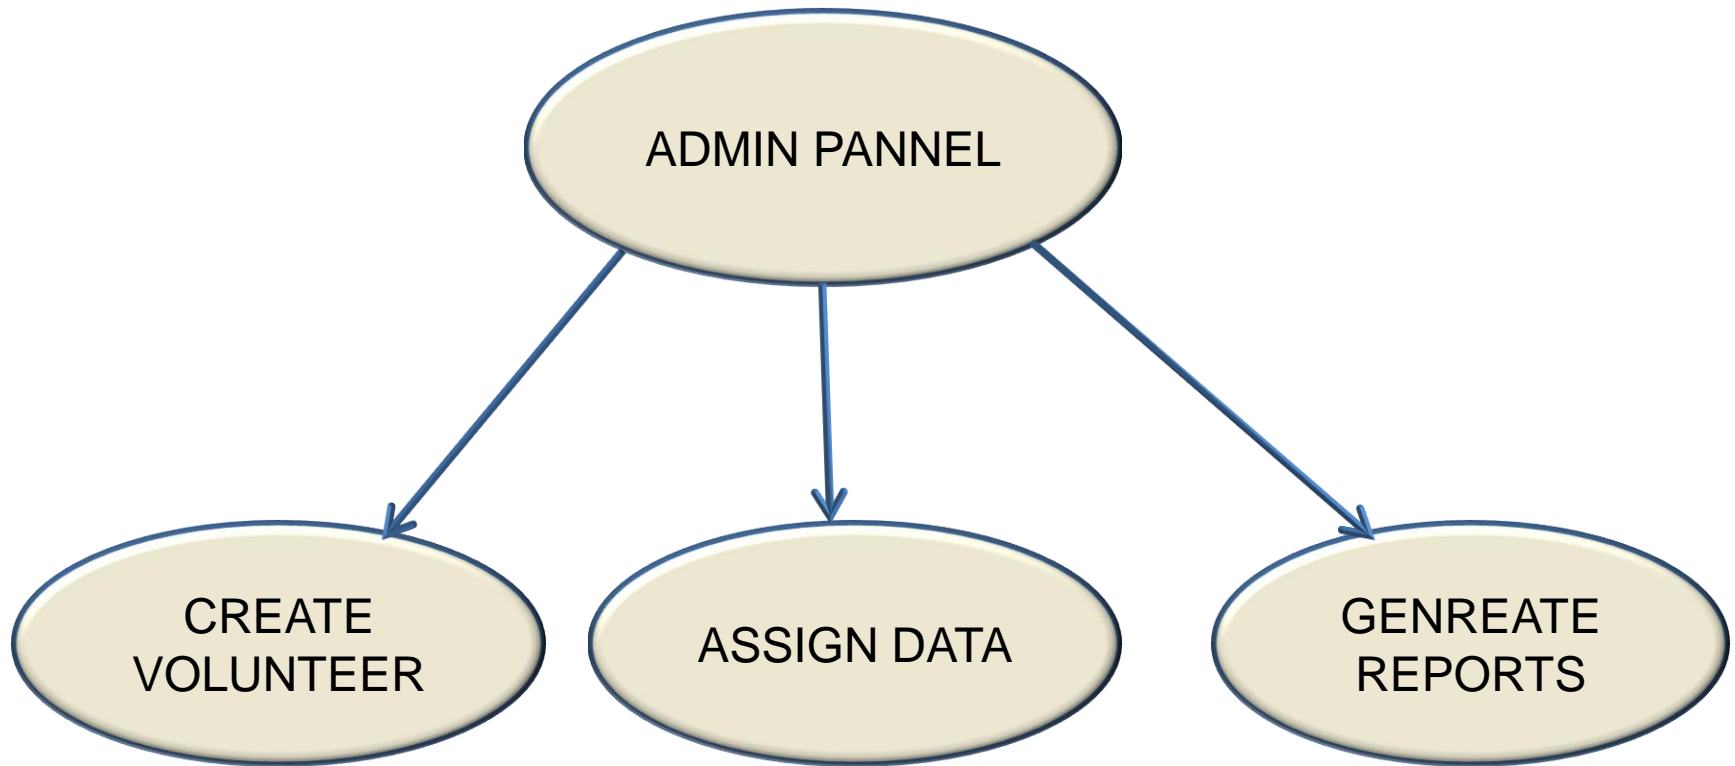

In the election manager where we provide you login panel for your admin and your co-worker & volunteer.

Part 1: Which is For the admin side part where you assign to your volunteers , his work ,make a report of your SMS & email and other master.

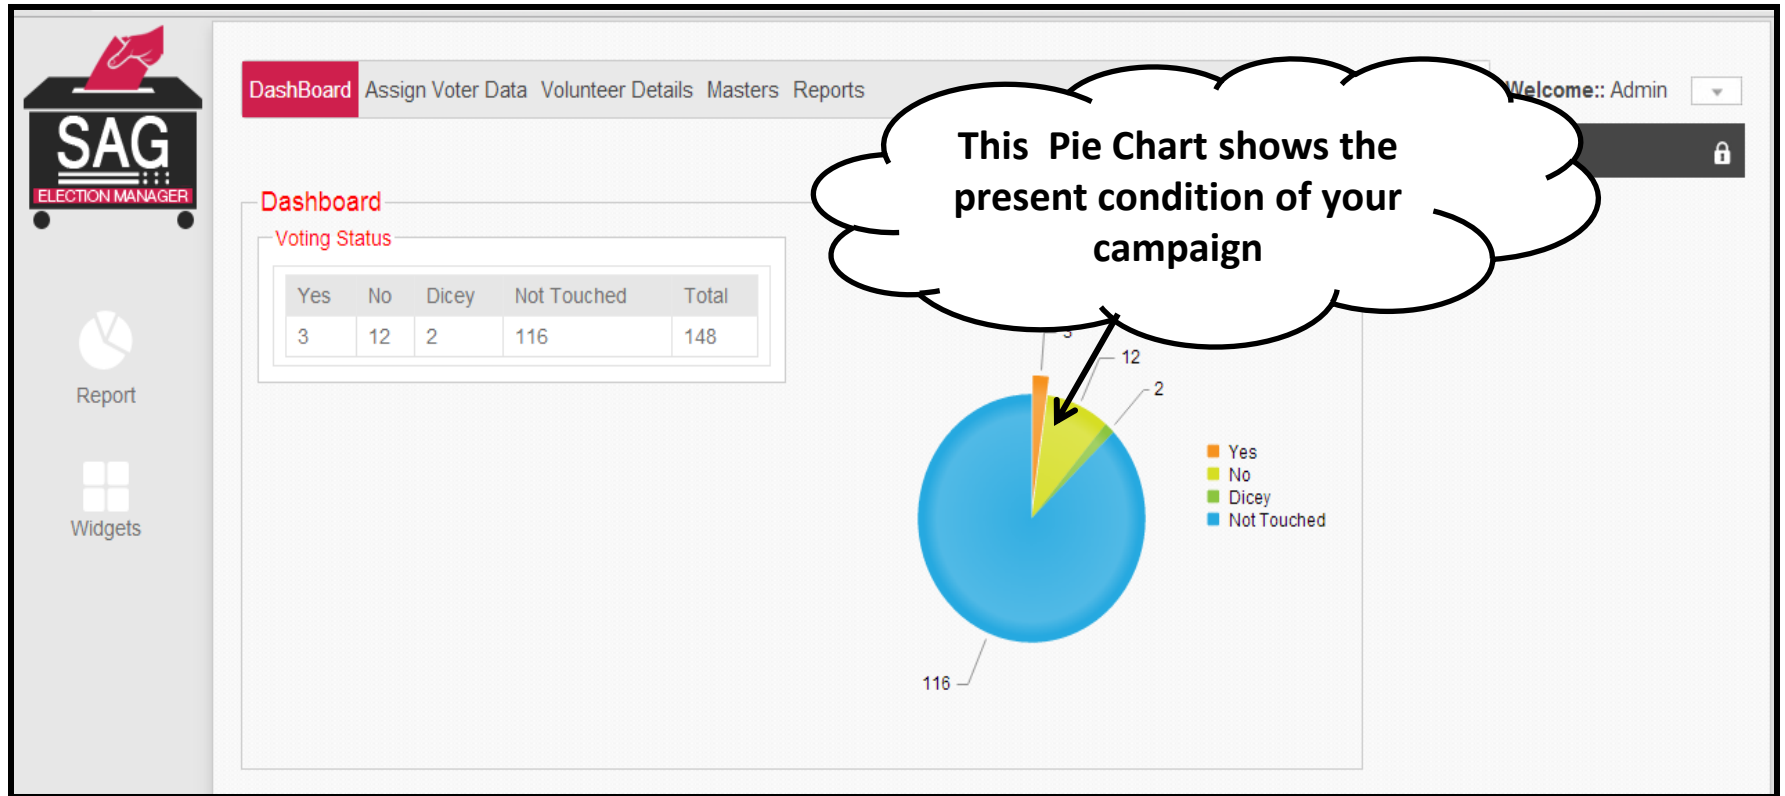

Part 2: Which is for his volunteers where they maintain there records ,voter data ,and other details.

The part for the admin. who have a rights for add other users or assign voters data to his volunteers. Those who do the further work and provide working rights to them.

By this you create a volunteer then assign your data..and generate SMS and email reports.

Dashboard where you check the status of your voting Or voter campaign.

NOTE: The data is changed according to your updating status
