

## Now Reach your customers with easy SMS Service.....

### Bulk SMS facility

**SAG Infotech** comes up with a new feature to stay connected with the customers easily. We have added an extra feature to our software service named '**BULK SMS**' using which user will be able to send bulk messages to their customers.

**With this new feature user will be able to -**

- **Send Message to all clients on a single click**
- **Send message through predefined templates**
- **Create your own templates/message formats**
- **Delivery Report for all sent Messages**
- **Check SMS Balance**
- **Save Message for later Reports**
- **Send Messages to DND Numbers as well\***

**\* Make sure your message is a transactional service message and not a promotional message. Use for your clients, Friends and relatives only.**

**(Transactional sms includes a message that is not related to promote or advertise your business.)**

**The SMS will be provided as per the following rates -**

<b>SMS Credits</b>	<b>in a multiple of 5000</b>
<b>Price</b>	<b>1500/5000 SMS</b>
<b>GST</b>	<b>18%</b>
